

BEIS YAAKOV JEWISH HIGH SCHOOL ACADEMY

Business Programme of Study 2024-25

Our KS4 Curriculum

The main ambition of the Business curriculum is to develop our students as **commercially minded citizens**. We hope that through an exciting and engaging curriculum, we can develop our students' capacity to expand their knowledge of business and develop their **ability to be enterprising**. Our curriculum aims to enable learners to rise to the demands of a truly modern and evolving business environment. The curriculum is designed to spark imagination and inspire commercial thinking and to enhance our students' capacity to effectively take their place in the world of Business, should they wish to pursue a business career pathway beyond this qualification.

A GCSE qualification in Business encourages students to be inspired, moved and challenged by following a broad, coherent, satisfying and worthwhile course of study and gain an insight into related sectors. The Business GCSE prepares students to make informed decisions about further learning opportunities and career choices.
